

2023 Combined Regional Conference Prompt Release

***Please arrive at the time you signed up for 5-10 minutes early. Come prepared to present, as you will not be given any preparation time. Since the prompt is released early, it is expected that you use the time before the competition starts to sufficiently prepare.**

Leadership Strategies

Your school system has recently implemented a new travel policy. According to the new policy, students cannot stay overnight on field trips. Your chapter always attends both the TN TSA State and National TSA conferences. The school board has agreed to allow you to make a 3-to-5-minute presentation at the next school board meeting addressing the policy and how it will impact your ability to continue to participate on the state and national levels of TSA. Please give that presentation. Each member of your team should evenly participate in the presentation.
